

# SNOWSPORT SCOTLAND

## SNOWSPORT SCOTLAND SPECIAL MEMBERS FUND

### Overview

The Special Members Fund was set up after a repayment of VAT was made to Snowsport Scotland in 1995. This funding is kept independently from other SSS reserves and is controlled by the Board of Directors.

The funding has been set aside to support meaningful projects that aim to fund equipment to support performance development coaching or equipment to help increase participation numbers. Financial assistance is available to fund up to 50% of the total cost of equipment of capital projects for clubs.

Previous awards have been used to fund freestyle rails and features, stubbie gates for Alpine racing, and Alpine race bibs.

It is envisaged that the funding will last until 2022.

### Criteria

- Application may be submitted at any time by Member Clubs on the application form prior to any project being undertaken.
- Applications will be acknowledged and discussed at the following Finance Sub-Committee meeting (these take place every 6-8 weeks)
- The funding provided should be for the good of both the organisation applying but also for the overall development of the sport and SSS members
- Any equipment being funded should have a working life of at least 5 years
- Awards from the Special Members Fund are unlikely to exceed more than £5000 for any award
- Applications must be submitted on the application form that accompanies this guidance note, any incomplete forms will be returned without consideration
- All applicants will be notified after the Finance Sub-Committee meetings of the outcome of the discussions
- Payment will not be made until sight of receipts for purchases made
- The Member Club must provide evidence of applications made to alternative funding sources and the outcome of such applications
